"Generative AI is the next frontier in creativity, enabling machines to go beyond what we can imagine."

- Yann LeCun (Vice-President, Chief AI Scientist at Meta)

BIZMETRIC DEVELOPED AN ONBOARDING AND OFFBOARDING CHECK LIST APPLICATION

Offboarding and Onboarding Checklist Application

Crafted by our passionate teammates, the Checklist App **redefines task management**. Designed to turn the ordinary into extraordinary, it's your ultimate tool for easily conquering tasks. Picture a world where processes are celebrated, each checkmark a victory against errors.

Every checklist isn't just a list; it's a symphony of efficiency. Why settle for the ordinary when you can automate the extraordinary? From processes to success, we've got a checklist for it all.

NEW TECHNOLOGIES EXPLORED

1. **Call Center Analytics:** Gen AI, Integration with CRM, Calling Software (Speech to Text), Customer Service Ranking

2. **Automated Email Response for Customer Service Desk:** GenAI, Content creator using GenAI

3. **Customer Service and Customer Experience Insights:** GenAI

4. **Data Engineering:** Data Extraction and Transformation from SAP Modules. Use of Traditional ADF and Custom ABAP programs for risk-free ETL work

5. **Power BI:** State of the art intuitive Power BI Dashboards utilizing custom visuals and default visuals

6. **Machine Learning/AI:** MLOps pioneers. A robust framework for pipeline deployment.

BREAKING NEWS!

BIZMETRIC NOW BECOMES "MICROSOFT ANALYTICS SPECIALIZATION PARTNER"

It is a proud moment for all of us. Bizmetric worked hard on the Microsoft Audit Reports and with flying colours, they passed the audit. This resulted in becoming a Specialized Analytics Partner of Microsoft Azure, giving a status validating their capabilities in planning and delivering tailored Microsoft analytics solutions.

OUR CLIENT APPRECIATIONS

"Congratulations to the exceptional team behind the development of the ODI End-to-End application for Exxon.
Your dedication and expertise have earned us their heartfelt appreciation.
Special thanks to Rohit Virkar for Angular FE, Divisha & yourself for the Backend and Databricks, and Abhishek Tiwari for Production deployment using Terraform IAC.
Well done!"

- OIL & GAS INDUSTRY

Your journey with us has been a testament to resilience, a core value that ExxonMobil holds in high esteem. In the brief time you've been part of our team, you've not only grasped the complexities of our operations but have also delivered results that speak volumes. Your contributions have significantly bolstered the business's confidence in the robustness of our data flow for Strategy and Operations (S&O).
Congratulations, Vijyesh! Your dedication and hard work are truly commendable. Keep up the excellent performance, and continue to be the driving force behind our success.
